Back to Barrier - *the legends*

Broken Hill - Barrier Police District

Eg: The Broken Hill community will welcome a new era of policing, after the first sod was turned for a new state-of-the-art police station. **November 5, 2020.**

Minister for Police and Emergency Services, David Elliott, joined NSW Police Commissioner Mick Fuller to mark the start of the construction of the \$16 million multipurpose police station on Thursday.

Commissioner Fuller said the new station will modernise the current policing facilities in Broken Hill and support local officers to better serve the people in the Barrier Police District.

Just just putting this out there as a suggestion to kick off the Newsletter - so I'm thinking on the fly.

So maybe not a lot of text, with a few images and probably address *the New P/Stn* because I assume that's what started this. The in between *latin text* is just fill in for now

The Barrier Police District includes these Police Stations which covers three state borders, Queensland, South Australia and Victoria. In passing somebody asked a question about what was happening at a recent **Border Incident**. Suffice to say it could *have been anything*. I was fortunate enough to have worked in Scientific (*now Crime Scene or Forensic*) and was encouraged to go wherever my services were needed. Det Sgt Peter McLachlan as head of Detectives at Broken Hill was a great organiser and one or more of our local team used to meet with interstate police whenever required, usually several times each year.
